“ Tomorrow will be a month that I received the call I never wanted to get. My heart is still forever broken. Gracelynn sees the picture of him above her crib and will come to know that is her grandpa. Dad, I miss you every single day. It still doesn't feel real to me and I wish more than anything I could bring you back but I can not wait for the day I am with you in heaven. Love you always.

“ Pat was one of the nicest guys in the world. We both volunteered at Michigan Medicine. When I came on board, he was the first person to welcome me. He always had a smile. And I appreciated his love to get away and travel. I will truly miss him.

“ I was so sad to hear about Pat's passing. I work for Michigan Medicine and Pat was one of our Patient Advisors. I always looked forward to seeing Pat at the CVC meetings. I think he had one of the best smiles of anyone I've ever met. Pat was an excellent advisor and speaker! He was passionate about making health care a better experience for everyone. More than that, he was thoughtful and kind to those who served with him. I will miss him and so will our team!

“ Good morning Ogel family. It is with great sadness to hear of your loss. Mr Ogel was a very sweet kind and caring man. I am the lady that waited on Him at Lou LaRiche Chevrolet for 27 years. He was my favorite customer to care for. He always had a smile on his face and could always make me laugh. I will miss him dearly. Prayers to your family. Sincerely Andrea Campbell.

“ I can't tell you how much we wish we could be with you. We have so many good memories! Jim will miss their phone calls to catch up on politics, their best car stories, and their kids. Jims favorite memory will always be the day Rick handed him the keys to the camero and they took it for a ride "to see what it could do"😬. Mine is probably our trip to Disney when we got to spend several days together in that magical place that we love! So hard to be so far away but every visit to Michigan was like we never left and even though there was never enough time, we enjoyed every minute!
Always in or hearts, we'll miss you, til we're together again😭

“ *I worked for Pat for over ten years at City Transfer Company as his Administrative Assistant and I can honestly say he was a great boss and always considered his employees as friends and family.*

On a personal level he was much more than a boss to me. He was my friend and mentor. He supported me through many difficult times in my life. Due to his love, kindness and support he will always be in my thoughts and prayers.

To his family I am very sorry for your loss, please know you are all in my thoughts and prayers. If there is anything that I can do, please don't hesitate to contact me.

Rest in peace my friend.

“ Tootie, Katie, John, Jeni, Chase, and little Gracelynn. We extend our deepest and heartfelt sympathy to each of you for the passing of “Mr. Pat”. He was a wonderful, thoughtful, and caring person who touched so many lives and will be greatly missed by everyone who knew him.

We were blessed to have lived next door to Mr. Pat for so many years, as our families grew up together. We had the opportunity to share in so many good times, creating a lifetime of memories. Some of the moments we will miss and always cherish is the trip to Cedar Point, the Tiger games in the Club House, and of course our annual Christmas Brunch with Santa. Additionally, who could forget Mr. Pat tending to the pool every morning, ensuring the outside was always pristine, nighttime talks on the deck with his quick-witted humor, and listening to the sweet rumble of his Camaro when he fired it up. We could not have asked for a better Plymouth Commons community, let alone a better next door neighbor than Mr. Pat and his wonderful family.

We are thinking of you all and sending caring thoughts of love and prayers your way. We wish each of you peace, comfort, and courage during this time of sorrow. Please let us know if there's anything we can do to somehow lessen the pain you feel in your hearts. We will always be there for you.

Mr. Pat – we will miss you dearly.

“Where do I start... Pat gave me my first job at City Transfer, I worked there for 20 plus years. Pat and Tootie both taught me alot, and that has lead me to where I am today. When times were hard for me Pat not only opened his home, but he opened his heart. I've always felt like Pat was a 2nd dad to me or my Michigan dad. My family and the Pats family have always been close. My mom did housekeeping and she babysat for Katie and Jeni. Pat also alway loved my kids as his own, he had a favorite story he liked to tell about Zac. My parents, Pat and Zac were walking into a restaurant and Zac wasn't paying any attention to where he was walking and ran right into a cement garbage can fell right back on this butt. We've always had a laugh over that. Pat until we meet again and I have faith we will, I hope you rest in peace. I know he will forever be a guardian angel for his family. Tootie, Sherri, Katie, and Jeni we send all our love and we will pray for your peace and comfort in this very difficult time. William, Barbara, Zac, Haley, Bryon, and Sandy.

“ My dad was my best friend and will forever be my hero and now guardian angel. He was selfless, kind, compassionate, caring, protective, hard working and so many things that you don't find in many people. He was a successful ceo for over 30 years and his co workers were truly family. He made sure before the business closed everyone was taken care of before he closed the doors for the last time. He helped so many families throughout the years. I am heartbroken however I know and take comfort in the fact he's at home with our Heavenly Father. I can only imagine his jokes being shared throughout heaven. He did not get to meet his granddaughter however she will always know how great he was and how much he loved her. Dad, I'll forever miss you. I thank you for everything. I will make you proud and I'll take care of everything down here. You were the best father and husband. My love for you is infinite and I will miss our Tiger games, Disney trips, heart to hearts and just coming over to talk to you. You had the best advice (even if I didn't always follow it) I love you happy boy.

“ Mr. Pat as he was known at our house, was the highlight of my now 21 yr old daughters life! When he would take her and the girls to baseball games and treat them to lunch or dinner in the club house, he always made them feel special! His love of sharing a joke and a little sarcasm with my then probably 10 yr old always made us laugh.... He once took her to the clubhouse for dinner and he excused himself from the table to use the restroom; upon his arrival back to the dinner table my daughter proceeded to ask him, "How did everything come out?" In her 10 yr old sarcastic mind thought nothing about it. Everyone at the table were laughing . It is the little memories, smiles and laughter that we loved and shared with Mr.Pat!

Mr. Pat you will be missed , always loved and we were blessed to have shared some awesome memories, birthdays , weddings and good times with you. Until we meet again may you RIP!

With our deepest sympathy

“Dad will forever be known for his love and kindness, he was always taking care of his family and doing whatever he could for others. He always saw the good in people and would give people second chances without hesitation . He was a respected business man and is known for his hard work, ethics and loyalty. His coworkers at City were more than coworkers or friends they were his second family and he made decisions for them as he would for his own, always looking out for people’s best interest. Most of all he was the best loving father anybody could have asked for. He loved us unconditionally, always there , always offering a helping hand and advice. Up until the very end he displayed such selflessness and unconditional love for his family. While we never wanted to let him go we know he is at peace in heaven as our guardian angel. Our hearts are broken yet filled with all the love and cherished memories we have. I will forever miss our Disney vacations, Ice cream trips, your love of cars , the sparkle in your beautiful blue eyes, and all of your stories. We love you forever, and will miss you every single day until we are all reunited again. “Your life was a blessing, your memory a treasure , you are loved beyond words and missed beyond measure “
